Law Sought Make Chief Appointive

Steps to make the chief of police and city clerk offices in Pahokee appointive, rather than elective as they now are, were taken by the City Council meeting in special session Monday night. City Attorney Ralph O. Johnson was authorized to draw up a bill providing for such a change subject to passage by the State Legislature.

Other City of Pahokee bills Johnson was asked to draw up subject to State Legislature action, would provide for a civic service system and a retirement plan for city employees, new regulations in the use of search warrants, and permission for city police to make "hot pursuit" arrests outside the city limits.

Upon recommendation by the City Planning Board, it was voted to prepare a new ordinance simplifying rules and regulations for the development of new subdivisions. The board reported several new subdivisions are being planned within the city limits and a new ordinance would assist in expediting these plans and bring relief to the housing shortage.

A letter from the Pahokee Garden Club protesting the passage of noisy trucks on State roads within the city limits without mufflers, was referred to State Highway Patrol for investigation.

Prior to the meeting the Council conducted a hearing on the proposed change in R-4 zoning regulations which would allow a smaller minimum side yardage for cottages, as requested by R. O. Crosby. Since there was no public protest, an ordinance was passed on first reading providing for the proposed change.

Painting Principles Sorority Subject

Mrs. Marjorie Hatton chose "Learning the Basic Principles of Painting" as her very interesting subject at the meeting of the Omicron Chapter of Sigma Eta Sorority of Fine Arts, at the home of Mrs. Mable Lutz.

"Learning to see basic art forms in all we look at is training of the first importance," said Mrs. Hatton. "Color is such an emotional sensation that no two people react alike to it," she said. Some interesting steps in learning the art of painting were displayed and several finished oil paintings.

During a short business meeting, it was voted to have the Chapter's semi-annual art exhibition on Sunday, May 7th, at which time a short recognition of Sigma Eta Founder's Day will be made. Further plans for the exhibition will be made at a later date.

After the meeting, light refreshments were served by the hostess, assisted by Mrs. Luther Jones, to the following: Mrs. Mary Anderson, Miss Laurine Anderson, Mrs. Edna Barrett, Mrs. Betty Kidder, Mrs. Marjorie Whitlock, Mrs. Ruth Carpenter, Mrs. Mary Santee, and Mrs. Hatton.

Mrs. Wendell Harris and daughters, Paye and Shirley, spent the weekend at Orlando and at Lake Kerr where they were guests of her parents, Mr. and Mrs. H. J. Clause.

Two New Teachers Pahokee Hi School

Miss Susan Storey, a graduate of the University of Miami, and Mrs. Frances Toulis, graduate of the University of Memphis, Memphis, Tenn., have joined the faculty at Pahokee High School to fill vacancies caused by recent resignations.

Miss Storey is the new art director, replacing Mrs. Ann Donehow, who, after serving as art teacher at FHS for eight years, is leaving with her husband for Griffin, Ga., where they will make their home. Mrs. Toulis is the new director of physical education for girls, replacing Mrs. Rita Sims, who has been granted a leave of absence.

Joint Prayer By Canal Pt. Churches

Members of the Canal Point Methodist and Baptist Churches are holding a series of joint prayer meetings on Thursday nights for the next several weeks, starting at 7:30 p. m. The first meeting was at the Methodist Church this week and the second will be at the Baptist Church next week, the scene of the meetings alternating between the two churches while the series is in progress.

These meetings are preliminary worship periods in preparation for the revival that is to be conducted at the Methodist Church by the Rev. E. R. Overly of Avon Park, starting March 12, and for the revival scheduled for the Baptist Church, April 9-16, with the Rev. Fulton Bryan of Lake Park, evangelist.

Glades Bookkeeping Service Is Just That

The Glades Bookkeeping Service in Pahokee is a service that the name implies when it comes to the use of the word "service." Mr. and Mrs. Leonard Dobrow have built their business into one of the outstanding services in the Lake Okechobee Region and are always happy to render a little free advice and help along with their usual bookkeeping services. When a business concern comes up short where a federal income tax form is concerned, Mr. and Mrs. Dobrow have always been able to relieve the situation by furnishing the form.

Lawrence E. Will Speaks To Lions

Lawrence E. Will, author of "Okechobee Hurricane and the Hoover Dike" and "Custard Apple Days", books relating to the pioneer days of the Lake Okechobee area, was guest speaker at the Tuesday luncheon meeting of the Pahokee Lions Club.

Introduced by D. B. Mathis, program chairman, the speaker reviewed the early days of the East Shore of Lake Okechobee and the beginning of the town of Pahokee. President B. R. Mosley presided.

Mrs. Hilda Tonareley, former resident of Cuba, is organizing classes of conversational Spanish for adults and children, both for advanced students and beginners. Classes are being held in the Big Lake Hotel.

Pahokee - Belle Glade Hospital Boards Join In Effort To Build New 150 Room Hospital Half Way Between Towns

Beauty Parlor Now Open In Canal Point

"Glamor by Grace" is the name of the beauty parlor now open and ready for business in the Rardin Building in Canal Point. The shop recently purchased from Miss Mary Ellen Sims by Mrs. Grace Waldron has been completely renovated and redecorated. Mrs. Waldron is an experienced operator and extends a cordial invitation to those seeking expert beauty care to pay her shop a visit in Canal Point.

Tag Sales Lagging, Line Forms To Rite

On Saturday, at the end of four weeks of 1961 motor vehicle license tag sales, 2,532 tags had been issued at the County's Glades Office Building, compared to 2,664 for the same period last year, according to Mrs. Edwina C. Young, manager of the Glades office of the County tax collector.

Because of the cooperation of some farmers, who have purchased tags for their fleet of trucks early, more money has been collected this year to date than for the same period a year ago, but approximately two-thirds of the tags that must be purchased by owners of motor vehicles in the Glades area have yet to be issued, and it is urgent that the sale of tags be speeded up immediately if long lines of applicants and tiresome waiting periods are to be avoided as the end of the time limit for the purchase of the 1961 tags approaches, Mrs. Young said.

Heart Treatment Program Discussed

A special course for the treatment of heart attack victims entitled "Care of the Cardiac at the Scene of an Accident," was held at the Pahokee City Hall Tuesday night at 8 p. m., under the sponsorship of The Heart Association of Palm Beach and Martin Counties. The course was prepared especially for members of the Florida Highway Patrol and other police officers and firemen. The showing of picture slides with commentary was followed by a question and answer period. Dr. F. H. Potette and Dr. Lester Hatton, Pahokee physicians assisted in the presentation of the course.

J. G. Weeks Chairman Of Lions Programs

J. G. Weeks was named new program chairman of the Canal Point Lions Club by President F. A. Stonaker at the weekly dinner meeting. Plans were made for a father-and-son banquet to be held in the Community Building at the Glades Park Monday evening, Feb. 7, with sons of members and other boys of the community to attend as guests. Mr. Weeks will be in charge of program arrangements.

The future holds a new, modern and up-to-date hospital for the Lake Okechobee Region if plans announced by the Pahokee and Belle Glade hospital boards materialize, in which they hope to build such a facility half way between Pahokee and Belle Glade on Bacom Point Road which is officially known as State Road 715.

The proposed plan calls for consolidation of the Northwestern Palm Beach County Hospital District, operating the Everglades Memorial in Pahokee, and the Southwestern Palm Beach County Hospital District, operating Belle Glade Memorial Hospital into a new district to be known as the Western Palm Beach County Hospital District.

The board of directors of the new district will be made up of 14 directors with four coming from the City of Pahokee and three outside of the city in the area between the Martin county line and Hooker Highway. There would be four directors from the City of Belle Glade and three coming from the area between Hooker Highway and the Hendry County Line.

Directors of the two present districts have held several meetings and have gone so far as to ask for a feasibility survey in order that the full and complete plan may be placed before the freeholders in a referendum vote. A law will necessarily have to be passed in the upcoming session of the state legislature authorizing consolidation of the new district to cover the area now served by the Pahokee and Belle Glade institutions.

Tentative figures furnished by a bonding concern in West Palm Beach have shown that the new facility could be constructed to service the entire Lake Okechobee farming region with actual tax assessment being increased very little, if any at all. Size of the hospital, amount of federal aid to be received and cost of modern, up-to-date equipment will control the amount of money needed to construct the hospital and furnish it to care for every need of Glades folks.

Blue Devil Squad In 2 Home Games

The Pahokee High Blue Devil basketball team will play two games on the home court this week, meeting St. Ann's of West Palm Beach this Friday night and Jupiter tomorrow night. Next week the Blue Devils will be on the road, traveling to Riviera Beach on Tuesday night and to Clewiston on Friday night.

Coach Bill Howard's men lost all three of the games they played during the past week. On Thursday night they were defeated by Seacrest, 73-40; on Friday night by Naples, 66-25; and on Tuesday night of this week, by Forest Hill, 48-35.

Mrs. Bob Harris and children of West Palm Beach visited her parents, Mr. and Mrs. D. L. Hooks, at Canal Point over the weekend.

Sugar Boom Seems To Be Sure Thing

CLEWISTON—There seems to be a sugar boom on in Florida. But it is up to Congress to decide how far Florida may go in boosting its sugar production.

Cessation of U. S. sugar purchases from Cuba, population growth and normal expansion of agricultural activities are credited with sparking the new activity in Florida's Everglade country.

Formerly, Florida's cane sugar was shipped to Savannah for refining, but now the Savannah refinery is joining with the U. S. Sugar Corp. in putting in a refinery near Clewiston. Its output will serve the southern portion of Florida.

Florida growers, meanwhile, have appealed to their representatives in Congress for an increase of 200,000 tons in the sugar marketing quota for cane sugar producers. Growers say they cannot get financing or make long-range plans for expansion without larger fixed quotas.

Louisiana has been producing about 425,000 tons of sugar per year recently, and Florida has produced approximately 150,000 tons.

Here's what the new $3\frac{3}{4}\%$ interest rate on U.S. Savings Bonds means to you:

\$3 = \$4 *fourteen months faster than before*

The Bonds you own are better than ever, too

The new $3\frac{3}{4}\%$ rate means your savings grow faster than before with U.S. Savings Bonds. \$3 becomes \$4, or \$3,000 becomes \$4,000 in just seven years, nine months. This applies to all Series E Bonds bought since June 1, 1959.

Then, all older Bonds, both Series E and H, pay more now—an extra $\frac{1}{4}\%$ from June 1 on, when held to maturity.

And, all Series E Bonds carry a new 10-year extension privilege. This means your Bonds will keep earning liberal interest automatically after maturity.

These three new cash benefits make today's U.S. Savings Bonds the finest in history. They make the ones you own now better, too.

More advantages of U.S. Savings Bonds

You can save automatically. Just tell your company how much to deduct every payday for Bonds, and your Bonds will be delivered to you. This way you can't forget to save. And, remem-

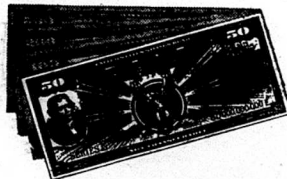

ber, the money you don't touch can't slip through your fingers.

You can get your money, with interest, when you need it. Your Bonds are a ready reserve to use anytime you wish. But, it pays well to hold them.

Your savings can't be lost or stolen. The U.S. Government guarantees to replace your Bonds, free, if anything ever happens to them.

You save more than money. The Bonds you buy help keep the peace because peace costs money. Money for better education, new scientific research, greater military strength. And the money you save helps strengthen our nation's economy which depends on the financial strength of individuals to keep it sound.

Start saving with U.S. Savings Bonds today. You'll save more than money.

You save more than money

A home... financial security... a business of your own. Important savings targets, like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.30 a week. In 5 years you'll have Savings Bonds worth \$2035 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

Christian Science Group Of Canal Point

Why spiritualization of thought is necessary to individual growth and happiness will be brought out at Christian Science church services Sunday.

Introducing the Lesson-Sermon entitled "Spirit" is the Golden Text from John (4:24): "God is a Spirit and they that worship him must worship him in spirit and in truth."

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include (485:14-17): "Emergently, matter issue into Spirit. Think not to thwart the spiritual ultimate of all things, but come naturally into Spirit through better health and morals and as the result of spiritual growth."

Clewiston Inn Is Okehed By D. Hines

CLEWISTON — The Clewiston Inn has been honored by recognition in the 1961 edition of the Duncan Hines travel book "Adventures in Good Eating." Only about two percent of the restaurants in North America have received the recommendation.

The Clewiston Inn, owned and operated by the United States Sugar Corporation, is widely known for its "Southern Hospitality." Because of the excellent bass fishing in Lake Okechobee and Clewiston's proximity to Miami and Palm Beach, the Clewiston Inn has gained particular favor with sportsmen through the years.

Great Masterpiece Seen By Indians

LAKE WALES — Seminole Indians invaded the Great Masterpiece tourist attraction last week. The attack was friendly, though, as the Indians sought only to erect a monument on the land of their forefathers.

Sent from the Dania Reservation, the Seminoles brought tree limbs and crude tools to build a "Chickee". The structure is the type of dwelling in which some Indians still live today.

The Great Masterpiece grounds were the last camping site of the Seminoles before they moved to the Everglades. Now visitors to the attraction are reminded of the Indian wars and customs. And the reconstructed "Chickee" will stand as a monument to the Indians of the past.

Florida Industries Directory Published

JACKSONVILLE—The first annual edition of the Directory of Florida Industries, published by the Florida State Chamber of Commerce, is now available. Publication of the 600-page directory was preceded by a statewide survey of established industries and new plants. Total cost of production of book, listing some 7,000 manufacturing and processing firms, has been estimated at some \$25,000.

Unemployment Pay Up In December
